## **Professional Summary:**

Senior cybersecurity, ICT, and organizational leader with extensive **experience commanding and managing** hundreds of personnel across diverse operational, technological, and professional sectors.

Proven expertise in leading large-scale digital, communications, and cyber defense projects in the IDF and civilian industry.

In addition, an experienced **senior lecturer and instructor** in cybersecurity and ICT, designing and delivering CISO training programs, executive briefings, and professional courses for diverse audiences – including senior management, technical teams, and security organizations in Israel and abroad.

Skilled in establishing operational frameworks, defining standards, creating organizational procedures, and driving transformation processes.

Demonstrated capability in developing and implementing proactive defense systems (PT, IR, TH, AI), building and managing complex technological units, and collaborating with national security organizations and global partners.

## **Core Skills:**

- Strategic leadership & organizational management
- Cyber defense, ICT operations, and digital transformation
- Proactive defense methodologies (PT, IR, TH, AI)
- Cybersecurity & ICT training program design (CISO, executives, and technical teams)
- Senior-level lecturing & public speaking (conferences, boards, and international audiences)
- Team leadership & cross-functional command
- Training development & operational readiness
- Vendor relations, procurement & complex project execution
- Excellent interpersonal communication and public speaking

## **Academic education and relevant training**

**2021-2022** - MA in National Security and Strategy Haifa University

**2018-2019** - Senior Command and Staff – IDF

**2012-2016** - BSc in Electrical engineering and electronics

## **Major achievements**

- "Creativity and excellence" award - Chief of Staff
- Certificate of Appreciation - Commander of the Navy
- Commendation of the commander of the Northern Command

## **Professional Experience:**

**Present: Head of Global Cybersecurity Partnerships, CyberForce Ltd & Senior Lecturer – CISO Certification Programs, CyberProAI**

**2024-2025 : Head of SOC and proactive Defense Department in the Cyber Sector**

- Established the Cyber SOC and Proactive Defense Division, including strategic planning, procedures, training, and work methodologies.
- Directed major cybersecurity projects: implementation of SPLUNK monitoring, upgrade of PT/TH platforms, and integration of AI-based defense capabilities.
- Led collaborations with security bodies, including the Cyber Defense Division and Unit 8200.
- Managed vendor engagement, procurement processes, and development of strategic cyber defense plans.

## **Military Service – Key Positions (LTC, Res.):**

**2021–2023 : Senior Staff Roles, IDF ICT & Cyber Defense Directorate & Israeli Navy (LTC)**

**Battalion Commander – Regional Division (ICT Battalion)**

- Commanded hundreds of soldiers and officers (regular & reserve).
- Led ICT, cyber defense, monitoring, and operational systems across the divisional area.
- Directed assimilation of technological systems, training programs, and capability-building processes.
- Battalion Commander – Navy ICT Battalion
- Founded the Navy's first ICT Battalion, responsible for communications, , spectrum, and cyber systems.
- Led establishment of monitoring and control units and operational infrastructure.
- Projector for Establishing KADMA Branch (Connectivity, Digital, Data, and Weapon Systems)
- Led strategic ICT and cyber organizational design in the IDF.

**Reserve Duty: Senior battle manager at the IDF's Central Communications & Cyber Center during the war.**

**2019–2020 – Head of ICT, Network-Based Warfare & Cyber Branch, Israeli Navy (LTC)**

- Managed ICT maintenance and technological capabilities for the Navy.
- Defined unique operational technological solutions for naval warfare environments.

**2018–2019 : IDF Senior Command Course**

**2016–2018 : Deputy Battalion Commander & ICT Operations Officer, Northern Command (Maj.)**

- Managed ICT operational centers, cyber systems, command-and-control platforms, and digital warfare capabilities.
- Oversaw technological force-building, project management, safety control, and budget supervision.
- Led officers, NCOs, and soldiers in planning and operating critical ICT & cyber systems.

**2016 – 2012 : B.Sc., Electrical & Electronics Engineering, Emek HaYarden Academic College**
